PROJECT NUMBER: 08-24-002

PROJECT: Water Plant Services RFP

DUE: September 4, 2024 at 1:00 p.m.

This addendum does change the bid due date or time.

Respondent must acknowledge receipt of this addendum with their submittal.

QUESTIONS

1. We are a professional services company geared to provide the requested services related to water plant operations, however, there appears to be scope related to providing manpower to perform “landscaping tasks” and “needed projects” within the listed scope of services. Is this something that we are expected to subcontract contractors to complete via our contract, or does the college have contractors on retainer that would be able to complete the physical work associated with these tasks? We understand that we would be responsible for coordination of tasks of this nature but are trying to confirm if the College expects us to carry to construction portion of the tasks.

ANSWER: **DELETE from Section 5.1:**

- ~~Provide manpower to perform landscaping tasks at plant.~~
- ~~Provide manpower to perform needed projects at the plant.~~

2. Item 6.10 within the RFP indicates that proposal prices must be good for a period of 90 days from the date of opening. Should we assume that individual tasks will be requested by the College and [REDACTED] will provide task orders with cost estimates under the master agreement? Considering there is unknown scope at this time for what these tasks may be, we want to be certain that we will be able to provide pricing once tasks have been identified and scoped accordingly.

ANSWER: **Yes, individual tasks will be requested by the College and firm will provide task orders with cost estimates under the master agreement.**

3. Item 6.11 within the RFP indicates the price proposed is the full purchase price. Should we assume that individual tasks will be requested by the College and [REDACTED] will provide task orders with cost estimates under the master agreement? Considering there is unknown scope at this time for what these tasks may be, we want to be certain that we will be able to provide pricing once tasks have been identified and scoped accordingly.

ANSWER: **Yes, individual tasks will be requested by the College and firm will provide task orders with cost estimates under the master agreement.**

CHANGES
